B. L. S. FIGHT SONG

On the field of many colors
Latin's banners fly
Cheer on, cheer like volley thunder
Echoes to the sky.
See the Latin team advancing
Gaining more and more
So we'll fight, fight, fight
With all our might
Dear old Latin evermore

DEDICATION

As President of the Boston Latin School Association, I am very happy to convey to the members of our outstanding football squad our best wishes for success on Thanksgiving Day against our ancient and honorable traditional rival, English High School. This is the oldest football rivalry in the country and has survived the vicissitudes of time, defying the elements which would preclude playing under any other circumstances. The two schools enjoy a deep respect for each other, and our Alumni come out in force for this annual game. It is always a joy to see our team so well coached and so professional in carrying out their assignments with ultimate victory as their goal. As Alumni, we relive the days when we attended the school and either played or were rooters for our football teams. The teamwork, the loyalty and the fortitude demonstrated by our football teams have always been exemplary.

Let us all resolve to be present at the game on Thanksgiving Day to give that splendid support which is so vital to any team. The Latin School spirit stands supreme, and the young men we will observe on the playing field will be the leaders of our society tomorrow. Teamwork is the cornerstone of success. We salute our gallant football squad and extend to them our heartiest wishes for success on Thanksgiving Day.

JAMES G. EGAN
Alumni President, English High School

This year will be the 89th annual football contest between the English High School, and Boston Latin School. Graduates of both schools become nostalgic at this time of year as they remember past contests between these fine institutions of learning. The alumni of both schools wish for the same hard fought contest this year as we have been used to in a city that is nationally known as a center of education. I enjoy thinking of both English and Latin in the context of that great educator, President Woodrow Wilson, when he became President of Princeton. He said, "I do not believe in a university as a place where youngsters are doing tasks but as a place where there are men thinking."

OFFICIAL POEM OF THE BOSTON ENGLISH HIGH SCHOOL

In 1821 when James Monroe was President
The English High School was founded in Boston
As the years passed progress in education
Has produced leading citizens from this institution

Here where ethnic background is not important
Interest centers in individual development
At this institution a fine education may be obtained
And the student's potential may be achieved

English High has produced leaders in all walks of life
They have served in our wars to make their nation safe
As the tradition of America's oldest high school indicates
We take pride in the integrity of our graduates.
